Wage:	\$29.55 in accordance with the CUPE Local 719 Collective Bargaining Agreement
Location:	Public Works & Utility Department, 5005 Route 105, Grafton

The **Town of Woodstock** is looking to hire a **Fulltime Permanent (unionized) WATER & WASTEWATER TECHNICIAN (Class 2) - Utility Operator 6** on their Utility team (water and sewer). If you are a resilient, self-motivated, team player interested in contributing to the maintenance of critical municipal infrastructure and services at the town, this is an excellent opportunity for you.

The **Wastewater Technician** is primarily responsible to support daily operations of the water distribution system, wastewater treatment plant and other key utility duties and responsibilities including, but not limited to:

- Perform maintenance and repairs of broken water, sewer and sewer force main lines including locating and isolation of valves, identifying and repairing leaks, replacing pipes making necessary connections
- Perform maintenance checks on utility equipment, and maintain and repair fire hydrants as needed
- Assist with cleaning, repairs and maintenance of equipment (motors) and controls at wastewater/sewage treatment
- Perform utility locate, monitor chlorine levels at various checkpoints and assist with the collection and delivery of weekly water and sewer samples
- Operation of heavy equipment including dump trucks, loaders, excavators and Hydrovac truck
- Work in confined spaces in sewage lift stations, including replacement of heavy pumps and removal of line and pump blockages
- May be required to assist other Utility and Equipment operators or other departments as requested
- Follow safety protocols and procedures and immediately report incidences, accidents or concerns to the Director Utility
- Maintain courteous and respectful interactions with team members

REQUIRED QUALIFICATIONS

- A valid **Class 3E drivers license**; satisfactory driver's abstract which demonstrates safe and reliable driving
- **Class 2 Certification in Water Treatment, Water Distribution, Wastewater Collection and Wastewater Treatment**
- Previous relevant job experience with operation of heavy equipment/ vehicles
- Maintenance experience or a demonstrated mechanical aptitude
- Accurately read and legibly record readings from gauges and other instrumentation
- Must be willing to take appropriate occupational health and safety training/certifications; with Standard or Emergency First Aid Training & CPR preferable
- Some post secondary preferred but high school diploma or equivalent is mandatory
- Perform daily physically demanding labour related tasks 8 hours per day for 5 days per week; with frequent lifting (up to 50 lbs), pulling, pushing, bending, crouching and standing; in various weather conditions

Successful job offers may be contingent on a Clear Criminal Record Check & Vulnerable Sector Record

WORK HOURS AND BENEFITS

- Minimum of 40 hours per week, 8 hour per day, Monday – Friday, with hours required outside of the regular work week (on-call and overtime)
- The Town of Woodstock pays wages and benefits in accordance with the CUPE Local 719 Collective Bargaining Agreement

Interested applicants should send a resume and any other required documentation to hr@town.woodstock.nb.ca no later than **MAY 15, 2024**. Only those candidates selected for an interview will be contacted.
