Online Course – Instructor Led

Equipment Preventative Maintenance

October 18-19, 2021 (8:30 – 12:30 AST)

Course Objective / Description

Some preventative maintenance programs produce unnecessary downtime due to equipment failures, resulting in higher maintenance and operational costs. Optimizing your current preventative maintenance program can save you money. By performing a regular preventive maintenance you are assured your equipment will operate under safe conditions, both for the equipment and the operators. Possible issues can be found before they have a chance to cause harm.

What will be covered:

- Different types of preventative maintenance
- Deciding what preventative maintenance to do, on what equipment, to what equipment
- Where preventative maintenance fits in to an overall maintenance strategy
- Planning and controlling preventative maintenance
- How to improve your preventative maintenance

Lesson	Description	Contact Hours
