

Developer and Owner – WWOTC

Online Course – Instructor Led

Lab Procedures for Water Operators

December 5-6, 2022 (8:30 – 12:30 AST)

Course Objective / Description

This course has been developed with support and contributions from one of Canada’s leading municipal drinking water laboratories (Hamilton Public Works) to provide operators with a better understanding of proper protocols, procedures and techniques for conducting tests and analyses as allowed for operators within the restrictions stipulated under current provincial regulations. It has been sponsored by our regulators, and also by our vendor friends at Anachemia through the provision of supportive training aids and equipment. Participants will be provided with information to address the “what can be done and how” to ensure maximum compliance and test validities. Instruction will also be provided on the proper use of the typical analysis equipment and techniques.

Lesson	Description	Contact Hours
Lesson 1	Orientation and Introduction	0.5
Lesson 2	Legislation and Guidelines	0.5
Lesson 3	Water Sampling	0.5
Lesson 4	Introduction to Chemistry	0.5
	Break	0.5
Lesson 5	Lab Equipment and Procedures	1.5
Lesson 6	Lab Equipment and Procedures	0.75
Lesson 7	Lab Tests	1.5
	Break	0.5
Lesson 8	Lab Tests	0.75
	Exam	0.5
	Total Instruction/Contact Time:	7.0

CEU: 0.7
